Good morning,

You will all have seen the changes overnight to the key worker list. We are working through the requests for school places in the coming weeks as fast as we can and will contact you today to inform you if your child has a place in our school.

As we have an increased number of requests, we will have to prioritise places starting with families who have both parent/ carers as key workers.

Please work with us and try to remember the reasons that schools have been closed to the majority of children. It is to stop/ reduce social mixing and reduce the spread of Covid-19. Our school are offering emergency care for the children of frontline services so that the country can continue to function. The guidance explicitly states:

'...the most recent scientific advice on how to further limit the spread of COVID-19 is clear. If children can stay safely at home, they should, to limit the chance of the virus spreading.

That is why the government has asked parents to keep their children at home, wherever possible, and asked schools to remain open only for those children who absolutely need to attend.'

Thank you for your patience and support at this difficult time.

Mrs Forrest
