Well done Team St. John Fisher!

Primary Science Quality Mark

We are delighted to announce that we have now been awarded the Primary Science Quality Mark. This award has been as a result of a year long project completed in the school and led by Mr Bates. Due to his hard work and dedication, we have been recognised for our commitment to teaching Primary Science and the wonderful work, opportunities and experiences our children participate in from Nursery through to Year 6. I am sure you will all agree our Science Curriculum is engaging and teaches our children in depth Science concepts and prepares them for future learning. A big congratulations to Mr Bates for all of his hard work and dedication to this.

School Games Gold Award

We are also delighted to announce that we have been awarded the top tier award of Gold for our commitment and dedication to sporting events, competitions and our P.E. curriculum. This year, we have strived to ensure the delivery of an outstanding P.E. curriculum, as well as giving children of all abilities the opportunity to participate in inter and intra competitions. Mr Harrison and Mrs Whitehead have worked tirelessly to ensure that our children receive these opportunities and all of their hard work and commitment has paid off! Our next step is to continue to receive a Gold Award and eventually gain Platinum status.
